

INSTALLATION INSTRUCTIONS

Part Number SU-3590

This filter fits: SEE CATALOG FOR CURRENT APPLICATIONS

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter can last many seasons. This filter can be used in a stock machine, with no modifications required. If any engine modifications have been made tuning/jetting adjustments may be required. There are special installation instructions, so please follow the procedures outlined below to ensure the K&N Filtercharger® seals properly.

INSTALLATION

1. Remove the side cover.
2. Remove the air box cover.
3. Remove the stock air filter and the stock air filter holder.
Note: The air filter holder will not be used with the K&N Filtercharger®.
4. Install the provided top plate onto the K&N Filtercharger®.
5. Insert the provided wing bolt with the washers into the hole in the top plate.
Note: The rubber washer will be against the top plate.
6. Apply a thin layer of the provided K&N Sealing Grease to the base of the K&N Filtercharger®.
7. Install the K&N Filtercharger® into the air box.
8. Snug the wing bolt against the top plate. Wiggle the filter to ensure it is completely seated.
9. Tighten the wing bolt.
CAUTION: Do not overtighten or damage to the air box can occur.
10. Reinstall the air box cover.
11. Reinstall the side cover.

THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.
